EXPERIENCE

Code the Way, Milwaukee, WI — *Student Developer/Team Lead*

June 2018 - August 2019

Developed web applications for non-profit organizations with the guidance of professionals from SafeNet Consulting in Code The Way, a software development internship in which teams of students learn full stack development to help their communities. Participated as a student developer in 2018 and a Team Lead in 2019.

Technology Resource Advisors, Milwaukee, WI — *ChromeCare Technician*

August 2018 - January 2020

Worked in Technology Resource Advisors' Chromecare Academy, repairing and enrolling a variety of Chromebook laptops for school districts and companies across the midwest.

Milliman, Brookfield, WI — *Student Intern*

April 2019 - June 2019

Developed a web application to make form completion and validation easier and more efficient for Milliman consulting firm.

EXTRA-CURRICULAR ACTIVITIES

Coding for Good — Team Lead

September 2019 - Present

Developing a mobile application using flutter to help Dane County residents access information about, and interact with, the Dane County Gardens Network.
